

CUMBERLAND
CITY COUNCIL

BUSHCARE

Are you interested in helping
protect our environment?

*Would you like to
join one of our
bushcare groups?*

Bushcare is a great way to help preserve the local environment, restore fragile ecosystems and meet new people.

Learn about your local environment and discover our unique and beautiful ecosystems right here in Cumberland City.

Your participation will help save these important ecosystems for future generations.

We have active groups along Duck River and a new group along the Lower Prospect Canal Reserve.

We are taking registrations for likeminded people who have a *passion for the environment* and want to help preserve and restore the local ecosystems.

If you are interested or would like more information on Bushcare please contact **Emma Higgins** on **8757 9621** or **Emma.Higgins@cumberland.nsw.gov.au**.
