Fauna Reserve

All of the BBQs are electric and can be operated by pushing the 'on' button. Each BBQ is fitted with a timing switch. This means they will periodically switch off. When this happens wait 30 seconds and push the 'on' button. All of the BBQs are run on a first-come first-serve basis. However, please be mindful that other people may want to use them. When you have finished please clean the BBQ ready for the next user.
