Pony Rides

Pony rides must be approved by Cumberland Council prior to the date of the booking. A detailed sketch plan indicating the proposed location of the pony rides must be submitted with the application form.

Council does not provide power for jumping castles, amusements devices, catering facilities or amplified sound equipment. Hirers are required to have their own power generators.

Specific Conditions

1. All pony ride operators are required to have public liability insurance cover of at least $10 million per claim for the intended period of hire

2. A responsible person at least 18 years old must be present at all times to supervise activities

3. Ponies must be under the effective control of a responsible person at all times

4. No rider is to be left unattended on a pony. That is to say, the handler must lead the pony at all times while the rider is astride the pony

5. Pony ride enclosures must have a minimum setback of 10 metres from any playground, picnic shelter or eating area

6. All waste and manure must be removed at the end of the hire period
