This Report (which includes all attachments and annexures) has been prepared by EIS for the Client, and is intended for the use only by that Client.

This Report has been prepared pursuant to a contract between EIS and the Client and is therefore subject to:

- a) EIS proposal in respect of the work covered by the Report;
- b) The limitations defined in the client's brief to EIS; and
- c) The terms of contract between EIS and the Client, including terms limiting the liability of EIS.

If the Client, or any person, provides a copy of this Report to any third party, such third party must not rely on this Report, except with the express written consent of EIS which, if given, will be deemed to be upon the same terms, conditions, restrictions and limitations as apply by virtue of (a), (b), and (c) above.

Any third party who seeks to rely on this Report without the express written consent of EIS does so entirely at their own risk and to the fullest extent permitted by law, EIS accepts no liability whatsoever, in respect of any loss or damage suffered by any such third party.

## **EXECUTIVE SUMMARY**

Nucorp Constructions ('the client') commissioned Environmental Investigation Services (EIS)<sup>1</sup> to undertake a Stage 1 Environmental Site Assessment (Stage 1 ESA) for the proposed mixed use development at 55-57 Station Street and 6 Pritchard Street, Wentworthville. The site location is shown on Figure 1 and the assessment was confined to the site boundaries as shown on Figure 2. The proposed development area is referred to as 'the site' in this report.

EIS understand that the proposed development includes demolition of all the existing aboveground buildings and other infrastructure, removal of all underground infrastructure including the underground petroleum storage system (UPSS) and construction of a mixed use development.

Details of the proposed development were not available to EIS at the time of the preparation of this report.

The primary aims of the assessment were to identify past or present potentially contaminating activities at the site, identify the potential for site contamination, assess the need for further investigation, and make a preliminary assessment of the suitability of the site for the proposed development.

The assessment was undertaken generally in accordance with an EIS proposal (Ref: EP47598KG-R) of 12 July 2018 and written acceptance from the client of 12 July 2018.

EIS have undertaken a preliminary soil contamination assessment for the eastern section of the site (former BP service station) and a report (Ref: E27730KGlet) was issued in September 2014. The installation of groundwater monitoring wells and/or assessment of groundwater contamination conditions was not included in the 2014 assessment. EIS have not previously undertaken any investigation of 6 Pritchard Street (the western section of the site).

The site is located in a commercial area of Wentworthville on the western side of Station Street and southern side of Pritchard Street, at the intersection of Station and Pritchard Streets. The site is located approximately 220m to the west of concrete-lined Finlaysons Creek that eventually drains into Parramatta River.

At the time of the inspection, the eastern section of the site was occupied by a service station and a mechanical workshop that were not in operation. The western section of the site was occupied by two detached single storey commercial buildings with a carpark between them. Based on the remaining signage in the buildings, one building appeared to have been used by a video shop and the other building appeared to have been used by three separate businesses (a hairdresser, laser hair removalist and a sawmill blade supplier). A driveway that ends at the southern site boundary (dead-end) was located between eastern and western sections of the site.

The east section of the site (service station) and associated fuel infrastructure including underground storage tanks (USTs) appeared to be obvious sources of potential soil and groundwater contamination. No other obvious signs of potential contamination were observed within the site or in the immediate surrounds.

The DBYD plans indicated that a sewer main extends through the middle of the site in a west to east direction across the middle of the site (close to the USTs).

SafeWork NSW records were not available for this assessment. These records may contain relevant information on USTs in the site.

A summary of the historical land uses and activities is presented in the table below:

---

<sup>1</sup> Environmental consulting division of Jeffery & Katauskas Pty Ltd (J&K)

Year(s)	Potential Land Use / Activities	Supporting Evidence
Pre - 1962	Residential	Land titles and aerial photos.
1962 – to date	Service station (eastern section)	Land titles, aerial photos, historical business records and previous site investigation.
1991 – to date	Commercial (western section)	Land titles and aerial photos.

Based on the scope of work undertaken for this assessment, EIS identified the following potential contamination sources/AEC:

- Fill material;
- Fuel storage;
- Use of pesticides; and
- Hazardous Building Material.

Considering the above, and based on a qualitative assessment of various lines of evidence as discussed throughout this report, EIS are of the opinion that there is a potential for site contamination.

Based on the potential contamination sources/AEC identified, and the perceived potential for contamination, further investigation of the contamination conditions is considered to be required.

Based on the scope of work undertaken for the assessment, EIS are of the opinion that the historical land uses and potential sources of contamination identified would not preclude the proposed development. However, the following is recommended to better assess the risks associated with the CoPC:

- A comprehensive Stage 2 investigation should be undertaken to characterise the contamination conditions in the site. The investigation should include the following:
  - Ground penetrating radar (GPR) scan to find the approximate locations of the USTs;
  - Soil sampling across the site;
  - Assessment of groundwater contamination conditions in the site; and
  - Address the data gaps identified in Section 5.3.
- A Hazardous Building Material (HazMat) assessment should be undertaken for all structures on site prior to demolition. If the presence of this material is confirmed it should be removed as soon as possible. Following the removal of HazMat, a clearance certificate should be provided.

Considering the findings of the assessment, EIS are of the opinion that the site can be made suitable for the proposed development subject to the appropriate implementation of the recommendations.

The conclusions and recommendations should be read in conjunction with the limitations presented in the body of the report.

## **1 INTRODUCTION**

Nucorp Constructions ('the client') commissioned Environmental Investigation Services (EIS)<sup>2</sup> to undertake a Stage 1 Environmental Site Assessment (Stage 1 ESA) for the proposed mixed use development at 55-57 Station Street and 6 Pritchard Street, Wentworthville. The site location is shown on Figure 1 and the assessment was confined to the site boundaries as shown on Figure 2. The proposed development area is referred to as 'the site' in this report.

### **1.1 Proposed Development Details**

EIS understand that the proposed development includes demolition of all the existing aboveground buildings and other infrastructure, removal of all underground infrastructure including the underground petroleum storage system (UPSS) and construction of a mixed use development.

Details of the proposed development were not available to EIS at the time of the preparation of this report.

### **1.2 Aim and Objectives**

The primary aims of the assessment were to identify past or present potentially contaminating activities at the site, identify the potential for site contamination, assess the need for further investigation, and make a preliminary assessment of the suitability of the site for the proposed development. The assessment objectives were to:

- Provide an appraisal of the past site use(s) based on a review of historical records;
- Assess the current site conditions and use via a site walkover inspection;
- Identify potential contamination sources/areas of environmental concern (AEC) and contaminants of potential concern (CoPC);
- Prepare a conceptual site model (CSM); and
- Assess whether an intrusive investigation is required.

### **1.3 Scope of Work**

The assessment was undertaken generally in accordance with an EIS proposal (Ref: EP47598KG-R) of 12 July 2018 and written acceptance from the client of 12 July 2018. The scope of work included the following:

- Review of site information, including background and site history information from a Lotsearch Pty Ltd *Environmental Risk and Planning Report*;
- A walkover site inspection; and
- Preparation of an ESA report presenting the results of the assessment, including a CSM.

---

<sup>2</sup> Environmental consulting division of Jeffery & Katauskas Pty Ltd (J&K)

The report was prepared with reference to regulations/guidelines outlined in the table below. Individual guidelines are also referenced within the text of the report.

<sup>8</sup> National Environment Protection Council, (2013). *National Environmental Protection (Assessment of Site Contamination) Amendment Measure 1999* (as amended 2013). (referred to as NEPM 2013)

## **2 SITE INFORMATION**

### **2.1 Background**

EIS have undertaken a preliminary soil contamination assessment for the eastern section of the site (former BP service station) and a report (Ref: E27730KGlet) was issued in September 2014. The installation of groundwater monitoring wells and/or assessment of groundwater contamination conditions was not included in the 2014 assessment. EIS have not previously undertaken any investigation of 6 Pritchard Street (the western section of the site).

### **2.2 Site Identification**

Table 2-1: Site Identification

Current Site Owner:	RCR Petroleum Pty Ltd owns the Lots 1A, 2A and 3A in DP305764 (eastern section of the site)  The Land Titles indicate that the owners of the strata plan 19949 own the SP19949 (the western section of the site)
Site Address:	55-57 Station Street and 6 Pritchard Street, Wentworthville, NSW 2145
Lot & Deposited Plan:	Lots 1A, 2A and 3A in DP305764 and SP19949
Current Land Use:	Commercial (vacant service station and shops)
Proposed Land Use:	Mixed use development
Local Government Authority (LGA):	Cumberland Council
Current Zoning:	B2 Local Centre
Approximate Site Area (m <sup>2</sup> ):	2,765
RL (AHD in m) (approx.):	33m (north section) to 29m (south section)
Geographical Location (decimal degrees) (approx.):	Latitude: -33. 809107 Longitude: 150. 971211

### **2.3 Site Location and Regional Setting**

The site is located in a commercial area of Wentworthville on the western side of Station Street and southern side of Pritchard Street, at the intersection of Station and Pritchard Streets. The site is located approximately 220m to the west of concrete-lined Finlaysons Creek that eventually drains into Parramatta River.

## **2.4      Topography**

The regional topography is characterised by an undulating topography that generally falls to the east towards Finlaysons Creek. The site is generally flat and the local slope appears to be to the east. The western section of the site appears to have been filled to account for the slope and accommodate the existing development.

## **2.5      Site Inspection**

A walkover inspection of the site was undertaken by EIS on 23 July 2018. The inspection was limited to accessible areas of the site and immediate surrounds. An internal inspection of buildings was not undertaken. Selected site photographs obtained during the inspection are attached in the appendices.

At the time of the inspection, the eastern section of the site was occupied by a service station and a mechanical workshop that were not in operation. The western section of the site was occupied by two detached single storey commercial buildings with a carpark between them. Based on the remaining signage in the buildings, one building appeared to have been used by a video shop and the other building appeared to have been used by three separate businesses (a hairdresser, laser hair removalist and a sawmill blade supplier).

A driveway that ends at the southern site boundary (dead-end) was located between eastern and western sections of the site.

A summary of the other inspection findings are outlined in the following subsections:

### **2.5.1    Boundary Conditions, Soil Stability and Erosion**

The southern and western boundaries of the west section of the site were colour-bond fenced. A brick wall defined the southern boundary of the east section of the site. The other areas were not fenced. Obvious soil erosion was not observed at the site boundaries.

### **2.5.2    Visible or Olfactory Indicators of Contamination**

The east section of the site (service station) and associated fuel infrastructure including underground storage tanks (USTs) appeared to be obvious sources of potential soil and groundwater contamination. No other obvious signs of potential contamination were observed within the site or in the immediate surrounds.

### **2.5.3    Drainage and Services**

Partially blocked open stormwater drains were observed within the site. Surface water appeared to flow into the stormwater system in Station and Pritchard Streets.

#### 2.5.4 Sensitive Environments

Concrete lined Finlaysons Creek was located approximately 220m downgradient (east) of the site.

#### 2.5.5 Landscaped Areas and Visible Signs of Plant Stress

The majority of the site surface was paved. Few trees were located in the west section of the site near the driveway. Obvious tree dieback or stressed plants were not observed within the site.

### 2.6 Surrounding Land Use

During the site inspection, EIS observed the following land uses in the immediate surrounds:

- North – Pritchard Street and commercial properties, including a fitness centre and a two storey carpark, beyond the Pritchard Street;
- South – A childcare centre and a public park (Friend Park);
- East – Station Street and commercial properties, including a number of retail shop and an Asian grocery supermarket beyond the Station Street; and
- West – Commercial properties including a lawyer's office.

EIS did not observe any land uses in the immediate surrounds that were identified as potential contamination sources for the site.

### 2.7 Underground Services

The 'Dial Before You Dig' (DBYD) plans were reviewed for the assessment in order to establish whether any major underground services exist at the site or in the immediate vicinity that could act as a preferential pathway for contamination migration. The DBYD plans indicated that a sewer main extends through the middle of the site in a west to east direction across the middle of the site (close to the USTs). This sewer intercepts another sewer main that runs beneath Station Street. A water main is also located adjacent to the sewer main beneath Station Street. There is potential for the sewer and water easements to act as a preferential pathway for any contamination migration (i.e. through relatively permeable backfill). Copies of the relevant plans are attached in the appendices.

### 2.8 Section 10.7 Planning Certificate

The s10.7 (2 and 5) planning certificates were reviewed for the assessment. Copies of the certificates are attached in the appendices. A summary of the relevant information is outlined below:

- The site is not located in an area of ecological significance;
- The site is not deemed to be: significantly contaminated; subject to a management order; subject of an approved voluntary management proposal; or subject to an on-going management order under the provisions of the CLM Act 1997;
- The site is not subject to a Site Audit Statement (SAS);
- The site is not located within an ASS risk area; and
- The site is not located in a heritage conservation area.

### **3 GEOLOGY AND HYDROGEOLOGY**

#### **3.1 Regional Geology**

Regional geological information presented in the Lotsearch report (attached in the appendices) indicated that the site is underlain by Ashfield Shale of the Wianamatta Group, which typically consists of black to dark grey shale and laminite.

#### **3.2 EIS Jobs Database**

EIS have previously drilled six boreholes in the east section of the site in 2014. The drilling identified fill to depths of 0.4m. In some boreholes the fill was underlain by natural silty clay that extended to a maximum depth of 0.6m. Shale bedrock was encountered in all boreholes. Groundwater seepage was not encountered in any of the boreholes to a maximum depth of 0.8m.

#### **3.3 Acid Sulfate Soil Risk and Planning**

Acid Sulfate Soil (ASS) information presented in the Lotsearch report (attached in the appendices) indicated that the site is not located in an ASS risk area. The Planning Certificate under Section 10.7 issued by Cumberland Council also confirms this.

#### **3.4 Hydrogeology**

Hydrogeological information presented in the Lotsearch report (attached in the appendices) indicated that the regional aquifer on-site and in the areas immediately surrounding the site includes porous, extensive aquifers of low to moderate productivity. There were a total of 8 registered bores within the report buffer of 1,000m. In summary:

- The nearest registered bore was located approximately 650m to the south of the site and cross-gradient;
- All the bores were registered for monitoring purposes;
- There were no nearby bores registered for domestic or irrigation uses; and
- The drillers log information from the closest registered bores typically identified fill and/or clay soil to depths of 2.0-3.5m, underlain by sandstone bedrock. The depths of the boreholes ranged from 4.0-14.0m below ground level (BGL). Standing water levels were not recorded for the bores.

#### **3.5 Receiving Water Bodies**

Surface water bodies were not identified in the immediate vicinity of the site. The site location and regional topography indicates that excess surface water flows have the potential to enter the concrete lined Finlaysons Creek located approximately 220m east of the site. This water body could be a potential receptor.

## 4 **SITE HISTORY INFORMATION**

### 4.1 **Review of Historical Aerial Photographs**

Historical aerial photographs were included in the Lotsearch report (attached in the appendices). EIS has reviewed the photographs and summarised relevant information in the following table:

Table 4-1: Summary of Historical Aerial Photographs

Year	Details
1943	<p>The site appeared to be occupied by two residential type buildings. One of the buildings was located at the north-east corner of the site facing both Station and Pritchard Streets. The other building was located at the western section of the site facing Pritchard Street. The other areas of the site appeared to be vacant.</p> <p>Residential type properties were located to the immediate north, south and west. Commercial type properties were scattered to the east of the site across the Station Street.</p>
1956	<p>The quality of the aerial photo was poor. Another residential type building had been constructed at the south section of the site.</p> <p>The other areas of the site and general surroundings appeared to be similar to the 1943 aerial photograph.</p>
1961	<p>The site appeared to be similar to the 1956 photograph.</p> <p>Large commercial type properties had been constructed to the immediate north of the site. Further commercial redevelopment had taken place to the east of the site.</p>
1965	<p>The two residential type buildings at the north-east corner and south of the site building been demolished and a building that appeared similar to existing (2018) service station had been constructed at the eastern section of the site. What appeared to be the existing (2018) driveway had been constructed in the middle section of the site. The western section of the site appeared to be similar to the 1961 photograph.</p>
1970	<p>A large new commercial type building had been constructed to the immediate east of the site.</p> <p>The site and the other areas of the immediate surrounds generally appeared to be similar to the 1965 photograph.</p>
1982	<p>A large car park had been constructed to the immediate north of the site.</p> <p>The site and the other areas of the immediate surrounds generally appeared to be similar to the 1970 photograph.</p>

Year	Details
1991	<p>The residential type building at the western section of the site had been demolished and two new buildings that appeared to be similar to the current (2018) buildings had been constructed. The other areas of the site appeared to be similar to the 1982 photograph.</p> <p>The density of commercial properties to the immediate north and east of the site appeared to have significantly increased.</p>
2004	<p>A building similar to the existing (2018) childcare centre building had been constructed in the property to the immediate south of the site.</p> <p>The site and other immediate surrounds generally appeared to be similar to the 1991 photograph.</p>
2009	The site and the surrounds generally appeared to be similar to the 2004 photograph.
2016	The site and the surrounds generally appeared to be similar to the 2009 photograph.
2017	The site and the surrounds generally appeared to be similar to the 2016 photograph.

#### 4.2 Review of Historical Land Title Records

Historical land title records were reviewed for the assessment. The record search was undertaken by Advance Legal Searchers Pty Ltd. Copies of the title records are attached in the appendices. The title records indicate the following:

- The eastern section of the site was owned by various petroleum related companies between 1962 to date. A part of this section was owned by a boot-maker between 1892 and 1921; and
- The western section of the site was owned by various proprietors from 1883 to 1983. The site has been owned by the owners of Strata Plan 19949 from 1983 to date. EIS did not identify any particular land uses in the western section of the site which could have resulted in significant contamination. The professions of the individuals listed on the title records are not considered to be associated with site related activities.

#### 4.3 SafeWork NSW Records

A review of SafeWork NSW records for the site is currently underway. The results will be summarised in a separate letter when received.

#### 4.4 NSW EPA Records

The Lotsearch report (attached in the appendices) included information from the NSW EPA databases for the following:

- Records maintained in relation to contaminated land under Section 58 of the CLM Act 1997;
- Records of sites notified in accordance with the Guidelines on the Duty to Report Contamination under Section 60 of the CLM Act 1997 (2015)<sup>9</sup>; and
- Licensed activities under the Protection of the Environment Operations Act (1997)<sup>10</sup>.

The search included the site area and surrounding areas in the report buffer of 1,000m. The search indicated the following:

Source	Details
NSW EPA List of Contaminated Sites	<p>The site does not appear on the list of sites notified to the EPA.</p> <p>There are three properties within 1km that have been notified to the EPA. A metal industry located 729m south from the site, a service station located 756m south from the site and a former workshop located 773m southwest from the site are currently being assessed under the CLM Act.</p> <p>All of the properties are considered to be too far from the site to have an impact.</p>
Section 58 - CLM Act 1997	There are no EPA notices on the site or any properties in the report buffer.
POEO Register	A license for railway systems activities (Sydney Trains) is registered and located within the buffer (203m north from the site).

#### 4.5 Historical Business Directory and Additional Lotsearch Information

Historical business records for the site and surrounding areas in the report buffer were included in the Lotsearch report (attached in the appendices). The records indicated the following:

- A service station business was registered at the site between 1970 and 1991. EIS are of the opinion that the historical service station activities may have potential to impact the site; and
- There were a number of motor mechanics businesses and dry cleaner businesses registered within the report buffer during the 1950s and 1990s. These were located down-gradient or cross-gradient of the site and therefore considered to be unlikely to represent sources of contamination.

<sup>9</sup> NSW EPA, (2015). *Guidelines on the Duty to Report Contamination under Section 60 of the CLM Act 1997*. (referred to as Duty to Report Contamination)

<sup>10</sup> Protection of the Environment Operations Act 1997 (NSW). (referred to as POEO Act 1997)

#### **4.6 Summary of Site History Information**

A summary of the historical land uses and activities is presented in the table below. The information presented in the table is based on a weight of evidence assessment of the site history documentation and observations made by EIS.

Table 4-2: Summary of Historical Land Uses

<b>Year(s)</b>	<b>Potential Land Use / Activities</b>	<b>Supporting Evidence</b>
Pre - 1962	Residential	Land titles and aerial photos.
1962 – to date	Service station (eastern section)	Land titles, aerial photos, historical business records and previous site investigation.
1991 – to date	Commercial (western section)	Land titles and aerial photos.

#### **4.7 Integrity of Site History Information**

The majority of the site history information was obtained from government organisations as outlined in the relevant sections of this report. The veracity of the information from these sources is considered to be relatively high. A certain degree of information loss can be expected given the lack of specific land use details over time. EIS has relied upon the Lotsearch report and have not independently verified any information contained within. However, it is noted that the Lotsearch report is generated based on databases maintained by various government agencies and is expected to be reliable.

## 5 **CONCEPTUAL SITE MODEL**

NEPM (2013) defines a CSM as a representation of site related information regarding contamination sources, receptors and exposure pathways between those sources and receptors. The CSM for the site is presented in the following sub-sections and is based on the site information (including the site inspection information) and the review of site history information. Reference should also be made to the figures attached in the appendices.

### 5.1 **Potential Contamination Sources/AEC and CoPC**

The potential contamination sources/AEC and CoPC are presented in the following table:

Table 5-1: Potential (and/or known) Contamination Sources/AEC and Contaminants of Potential Concern

<b>Source / AEC</b>	<b>CoPC</b>
<u>Fill material</u> – The site appears to have been historically filled to achieve the existing levels. The fill may have been imported from various sources and could be contaminated.	Heavy metals (arsenic, cadmium, chromium, copper, lead, mercury, nickel and zinc), petroleum hydrocarbons (referred to as total recoverable hydrocarbons – TRHs), benzene, toluene, ethylbenzene and xylene (BTEX), polycyclic aromatic hydrocarbons (PAHs), organochlorine pesticides (OCPs), organophosphate pesticides (OPPs), polychlorinated biphenyls (PCBs) and asbestos.
<u>Fuel storage</u> – The eastern section of the site was used as a service station. UST may have been used to store diesel and petrol. A mechanics workshop was annexed to the service station. Fuels, oils and solvents may have been used.	Heavy metal, TRH, BTEX, PAHs and volatile organic compounds (VOCs).
<u>Use of pesticides</u> – Pesticides may have been used beneath the buildings and/or around the site.	Heavy metals and OCPs
<u>Hazardous Building Material</u> – Hazardous building materials may be present as a result of former building and demolition activities. These materials may also be present in the existing buildings/ structures on site.	Asbestos, lead and PCBs

## 5.2 Mechanism for Contamination, Affected Media, Receptors and Exposure Pathways

The mechanisms for contamination, affected media, receptors and exposure pathways relevant to the potential contamination sources/AEC are outlined in the following CSM table:

Table 5-2: CSM

Potential mechanism for contamination	<p>Potential mechanisms for contamination include:</p> <ul style="list-style-type: none"> <li>• Fill material – importation of impacted material, ‘top-down’ impacts (e.g. placement of fill, leaching from surficial material etc), or sub-surface release (e.g. impacts from buried material);</li> <li>• Fuel storage – ‘top-down’, spills (e.g. during filling of the tanks and/or dispensing activities), or sub-surface release (e.g. from leaking tank or pipework);</li> <li>• Mechanics workshop - ‘top-down’, spills (e.g. leaks through cracks in the pavement), or sub-surface release (e.g. from leaking separator/grease pits or sewer pipework);</li> <li>• Use of pesticides – ‘top-down’ and spills (e.g. during normal use, application and/or improper storage); and</li> <li>• Hazardous building materials – ‘top-down’ (e.g. demolition resulting in surficial impacts in unpaved areas).</li> </ul>
Affected media	<p>Soil/soil vapour and groundwater have been identified as potentially affected media.</p>
Receptor identification	<p>Human receptors include site occupants/users (including adults and children), construction workers and intrusive maintenance workers. Off-site human receptors include adjacent land users, any groundwater users and recreational water users within Finlaysons Creek/Parramatta River.</p>
Potential exposure pathways	<p>Potential exposure pathways relevant to the human receptors include ingestion, dermal absorption and inhalation of dust (all contaminants) and vapours (volatile TRH, naphthalene and BTEX). The potential for exposure would typically be associated with the construction and excavation works, and future use of the site. Potential exposure pathways for ecological receptors include primary contact and ingestion.</p> <p>Exposure during future site use could occur via direct contact with soil in unpaved areas such as gardens, inhalation of airborne asbestos fibres during soil disturbance, or inhalation of vapours within enclosed spaces such as any buildings and basements.</p>
Potential exposure mechanisms	<p>The following have been identified as potential exposure mechanisms for site contamination:</p> <ul style="list-style-type: none"> <li>• Vapour intrusion into any future basements and/or building (either from soil contamination or volatilisation of contaminants from groundwater);</li> <li>• Contact (dermal, ingestion or inhalation) with exposed soils in landscaped areas and/or unpaved areas; and</li> </ul>

	<ul style="list-style-type: none"> <li>• Migration of groundwater off-site and into nearby water bodies.</li> </ul>
Presence of preferential pathways for contaminant movement	The sewer (see Figure 2) and the associated sewer trench/trench backfill is a potential preferential pathway for contaminant migrations. This could occur via groundwater/seepage if present, or via soil/vapour migration through the sewer and/or trench backfill.

### 5.3 Assessment of Data Gaps

EIS has undertaken a preliminary data gap analysis based on the findings of assessment. The data gaps and our comments are outlined in the following table:

Table 5-3: Data Gap Assessment

Data Gap	EIS Comments
SafeWork NSW	SafeWork NSW records were not available for this assessment. These records may contain relevant information on USTs in the site.

## **6 CONCLUSIONS**

### **6.1 Contamination Sources/AEC and Potential for Site Contamination**

Based on the scope of work undertaken for this assessment, EIS identified the following potential contamination sources/AEC:

- Fill material;
- Fuel storage;
- Use of pesticides; and
- Hazardous Building Material.

Considering the above, and based on a qualitative assessment of various lines of evidence as discussed throughout this report, EIS are of the opinion that there is a potential for site contamination.

### **6.2 Assessment of the Need for Further Investigation**

Based on the potential contamination sources/AEC identified, and the perceived potential for contamination, further investigation of the contamination conditions is considered to be required.

### **6.3 Conclusions and Recommendations**

Based on the scope of work undertaken for the assessment, EIS are of the opinion that the historical land uses and potential sources of contamination identified would not preclude the proposed development. However, the following is recommended to better assess the risks associated with the CoPC:

- A comprehensive Stage 2 investigation should be undertaken to characterise the contamination conditions in the site. The investigation should include the following:
  - Ground penetrating radar (GPR) scan to find the approximate locations of the USTs;
  - Soil sampling across the site;
  - Assessment of groundwater contamination conditions in the site; and
  - Address the data gaps identified in Section 5.3.
- A Hazardous Building Material (HazMat) assessment should be undertaken for all structures on site prior to demolition. If the presence of this material is confirmed it should be removed as soon as possible. Following the removal of HazMat, a clearance certificate should be provided.

Considering the findings of the assessment, EIS are of the opinion that the site can be made suitable for the proposed development subject to the appropriate implementation of the recommendations.

EIS consider that the assessment objectives outlined in Section 1.2 have been addressed.

## **7**      **LIMITATIONS**

The following limitation apply to this assessment:

- EIS accepts no responsibility for any unidentified contamination issues at the site. Any unexpected problems/subsurface features that may be encountered during development works should be inspected by an environmental consultant as soon as possible;
- Previous use of this site may have involved excavation for the foundations of buildings, services, and similar facilities. In addition, unrecorded excavation and burial of material may have occurred on the site. Backfilling of excavations could have been undertaken with potentially contaminated material that may be discovered in discrete, isolated locations across the site during construction work;
- This report has been prepared based on site conditions which existed at the time of the assessment; scope of work and limitation outlined in the EIS proposal; and terms of contract between EIS and the client (as applicable);
- The conclusions presented in this report are based on investigation of conditions at specific locations, chosen to be as representative as possible under the given circumstances, visual observations of the site and immediate surrounds and documents reviewed as described in the report;
- The preparation of this report have been undertaken in accordance with accepted practice for environmental consultants, with reference to applicable environmental regulatory authority and industry standards, guidelines and the assessment criteria outlined in the report;
- Where information has been provided by third parties, EIS has not undertaken any verification process, except where specifically stated in the report;
- EIS has not undertaken any assessment of off-site areas that may be potential contamination sources or may have been impacted by site contamination, except where specifically stated in the report;
- EIS accept no responsibility for potentially asbestos containing materials that may exist at the site. These materials may be associated with demolition of pre-1990 constructed buildings or fill material at the site;
- EIS have not and will not make any determination regarding finances associated with the site;
- Additional investigation work may be required in the event of changes to the proposed development or landuse. EIS should be contacted immediately in such circumstances;
- Material considered to be suitable from a geotechnical point of view may be unsatisfactory from a soil contamination viewpoint, and vice versa; and
- This report has been prepared for the particular project described and no responsibility is accepted for the use of any part of this report in any other context or for any other purpose.

## **IMPORTANT INFORMATION ABOUT THIS REPORT**

These notes have been prepared by EIS to assist with the assessment and interpretation of this report.

### **The Report is based on a Unique Set of Project Specific Factors:**

This report has been prepared in response to specific project requirements as stated in the EIS proposal document which may have been limited by instructions from the client. This report should be reviewed, and if necessary, revised if any of the following occur:

- The proposed land use is altered;
- The defined subject site is increased or sub-divided;
- The proposed development details including size, configuration, location, orientation of the structures or landscaped areas are modified;
- The proposed development levels are altered, eg addition of basement levels; or
- Ownership of the site changes.

EIS/J&K will not accept any responsibility whatsoever for situations where one or more of the above factors have changed since completion of the assessment. If the subject site is sold, ownership of the assessment report should be transferred by EIS to the new site owners who will be informed of the conditions and limitations under which the assessment was undertaken. No person should apply an assessment for any purpose other than that originally intended without first conferring with the consultant.

### **Changes in Subsurface Conditions:**

Subsurface conditions are influenced by natural geological and hydrogeological process and human activities. Groundwater conditions are likely to vary over time with changes in climatic conditions and human activities within the catchment (e.g. water extraction for irrigation or industrial uses, subsurface waste water disposal, construction related dewatering). Soil and groundwater contaminant concentrations may also vary over time through contaminant migration, natural attenuation of organic contaminants, ongoing contaminating activities and placement or removal of fill material. The conclusions of an assessment report may have been affected by the above factors if a significant period of time has elapsed prior to commencement of the proposed development.

### **This Report is based on Professional Interpretations of Factual Data:**

Site assessments identify actual subsurface conditions at the actual sampling locations at the time of the investigation. Data obtained from the sampling and subsequent laboratory analyses, available site history information and published regional information is interpreted by geologists, engineers or environmental scientists and opinions are drawn about the overall subsurface conditions, the nature and extent of contamination, the likely impact on the proposed development and appropriate remediation measures.

Actual conditions may differ from those inferred, because no professional, no matter how qualified, and no subsurface exploration program, no matter how comprehensive, can reveal what is hidden by earth, rock and time. The actual interface between materials may be far more gradual or abrupt than an assessment indicates. Actual conditions in areas not sampled may differ from predictions. Nothing can be done to prevent the unanticipated, but steps can be taken to help minimise the impact. For this reason, site owners should retain the services of their consultants throughout the development stage of the project, to identify variances, conduct additional tests which may be needed, and to recommend solutions to problems encountered on site.

### **Assessment Limitations:**

Although information provided by a site assessment can reduce exposure to the risk of the presence of contamination, no environmental site assessment can eliminate the risk. Even a rigorous professional assessment may not detect all contamination on a site. Contaminants may be present in areas that were not surveyed or sampled, or may migrate to areas which showed no signs of contamination when sampled.

Contaminant analysis cannot possibly cover every type of contaminant which may occur; only the most likely contaminants are screened.

**Misinterpretation of Site Assessments by Design Professionals:**

Costly problems can occur when other design professionals develop plans based on misinterpretation of an assessment report. To minimise problems associated with misinterpretations, the environmental consultant should be retained to work with appropriate professionals to explain relevant findings and to review the adequacy of plans and specifications relevant to contamination issues.

**Logs Should not be Separated from the Assessment Report:**

Borehole and test pit logs are prepared by environmental scientists, engineers or geologists based upon interpretation of field conditions and laboratory evaluation of field samples. Logs are normally provided in our reports and these should not be re-drawn for inclusion in site remediation or other design drawings, as subtle but significant drafting errors or omissions may occur in the transfer process. Photographic reproduction can eliminate this problem, however contractors can still misinterpret the logs during bid preparation if separated from the text of the assessment. If this occurs, delays, disputes and unanticipated costs may result. In all cases it is necessary to refer to the rest of the report to obtain a proper understanding of the assessment. Please note that logs with the 'Environmental Log' header are not suitable for geotechnical purposes as they have not been peer reviewed by a Senior Geotechnical Engineer.

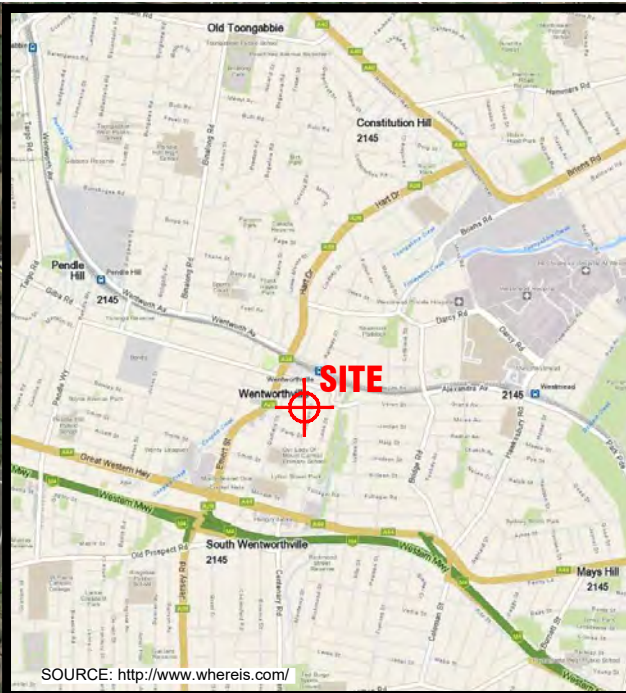

To reduce the likelihood of borehole and test pit log misinterpretation, the complete assessment should be available to persons or organisations involved in the project, such as contractors, for their use. Denial of such access and disclaiming responsibility for the accuracy of subsurface information does not insulate an owner from the attendant liability. It is critical that the site owner provides all available site information to persons and organisations such as contractors.

**Read Responsibility Clauses Closely:**

Because an environmental site assessment is based extensively on judgement and opinion, it is necessarily less exact than other disciplines. This situation has resulted in wholly unwarranted claims being lodged against consultants. To help prevent this problem, model clauses have been developed for use in written transmittals. These are definitive clauses designed to indicate consultant responsibility. Their use helps all parties involved recognise individual responsibilities and formulate appropriate action. Some of these definitive clauses are likely to appear in the environmental site assessment, and you are encouraged to read them closely. Your consultant will be pleased to give full and frank answers to any questions.

## Location Confidences

Where Lotsearch has had to georeference features from supplied addresses, a location confidence has been assigned to the data record. This indicates a confidence to the positional accuracy of the feature. Where applicable, a confidence is given under the field heading “LocConf” or “Location Confidence”.

Location Confidence	Description
Premise Match	Georeferenced to the site location / premise or part of site
Area Match	Georeferenced with the confidence of the general/approximate area
Road Match	Georeferenced to the road or rail
Road Intersection	Georeferenced to the road intersection
Buffered Point	Feature is a buffered point
Network of Features	Georeferenced to a network of features

## List of NSW contaminated sites notified to EPA

Records from the NSW EPA Contaminated Land list within the dataset buffer:

Map Id	Site	Address	Suburb	Activity	Management Class	Status	Location Confidence	Dist (m)	Direction
1229	Aldi Stores Development	331-339 Great Western Highway	South Wentworthville	Metal Industry	Regulation under CLM Act not required	Current EPA List	Premise Match	729m	South
1230	Caltex Service Station	313 Great Western Highway	South Wentworthville	Service Station	Regulation under CLM Act not required	Current EPA List	Premise Match	756m	South
1427	Former Workshop	2 Rawson Rd and 8 Barfil Crescent	Wentworthville	Unclassified	Regulation under CLM Act not required	Current EPA List	Premise Match	773m	South West

The values within the EPA site management class in the table above, are given more detailed explanations in the table below:

EPA site management class	Explanation
Contamination being managed via the planning process (EP&A Act)	The EPA has completed an assessment of the contamination and decided that the contamination is significant enough to warrant regulation. The contamination of this site is managed by the consent authority under the Environmental Planning and Assessment Act 1979 (EP&A Act) planning approval process, with EPA involvement as necessary to ensure significant contamination is adequately addressed. The consent authority is typically a local council or the Department of Planning and Environment.
Contamination currently regulated under CLM Act	The EPA has completed an assessment of the contamination and decided that the contamination is significant enough to warrant regulation under the Contaminated Land Management Act 1997 (CLM Act). Management of the contamination is regulated by the EPA under the CLM Act. Regulatory notices are available on the EPA's Contaminated Land Public Record of Notices.
Contamination currently regulated under POEO Act	The EPA has completed an assessment of the contamination and decided that the contamination is significant enough to warrant regulation. Management of the contamination is regulated under the Protection of the Environment Operations Act 1997 (POEO Act). The EPA's regulatory actions under the POEO Act are available on the POEO public register.
Contamination formerly regulated under the CLM Act	The EPA has determined that the contamination is no longer significant enough to warrant regulation under the Contaminated Land Management Act 1997 (CLM Act). The contamination was addressed under the CLM Act.
Contamination formerly regulated under the POEO Act	The EPA has determined that the contamination is no longer significant enough to warrant regulation. The contamination was addressed under the Protection of the Environment Operations Act 1997 (POEO Act).
Contamination was addressed via the planning process (EP&A Act)	The EPA has determined that the contamination is no longer significant enough to warrant regulation. The contamination was addressed by the appropriate consent authority via the planning process under the Environmental Planning and Assessment Act 1979 (EP&A Act).
Ongoing maintenance required to manage residual contamination (CLM Act)	The EPA has determined that ongoing maintenance, under the Contaminated Land Management Act 1997 (CLM Act), is required to manage the residual contamination. Regulatory notices under the CLM Act are available on the EPA's Contaminated Land Public Record of Notices.
Regulation being finalised	The EPA has completed an assessment of the contamination and decided that the contamination is significant enough to warrant regulation under the Contaminated Land Management Act 1997. A regulatory approach is being finalised.
Regulation under the CLM Act not required	The EPA has completed an assessment of the contamination and decided that regulation under the Contaminated Land Management Act 1997 is not required.
Under assessment	The contamination is being assessed by the EPA to determine whether regulation is required. The EPA may require further information to complete the assessment. For example, the completion of management actions regulated under the planning process or Protection of the Environment Operations Act 1997. Alternatively, the EPA may require information via a notice issued under s77 of the Contaminated Land Management Act 1997 or issue a Preliminary Investigation Order.

### Atlas of Australian Soils

Soil mapping units and Australian Soil Classification orders within the dataset buffer:

Map Unit Code	Soil Order	Map Unit Description	Distance
Pb12	Kurosol	Gently rolling to rounded hilly country with some steep slopes and broad valleys: chief soils are hard acidic red soils (Dr2.21) with hard neutral and acidic yellow mottled soils (Dy3.42 and Dy3.41) on lower slopes and in valleys. Associated are small areas of various soils including (Gn3.54) on some ridges, (Dr3.31) on some slopes; (Dr2.23) in saddles and some mid-slope positions, and some low-lying swampy areas of (Uf6) soils and (Uc1.2) soils with peaty surfaces. Small areas of other soils such as (Db1.2) are likely throughout.	0m

### Local Heritage Items

What are the Local Heritage Items located within the dataset buffer?

Map Id	Name	Classification	Significance	LEP or Act	Published Date	Commenced Date	Currency Date	Distance	Direction
I136	St Andrew's Presbyterian Church, Federation Carpenter Gothic church, circa 1923	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	84m	South West
I127	Masonic Temple	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	112m	South West
I126	Federation Arts and Crafts shop building	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	141m	West
I108	Former post office, circa 1926	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	159m	North
I128	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	167m	South West
I139	'Dobson House', Federation/Inter-war period shopfront	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	177m	North East
I141	Memorial fountain	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	187m	North
I138	Inter-war shopfront with Federation influences	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	189m	North East
I129	Federation period bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	197m	South West
I131	Inter-war cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	199m	South West
I140	Wentworthville Railway Station	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	205m	North East
I135	Federation cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	209m	South East
I133	Federation period residence	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	222m	South West

Map Id	Name	Classification	Significance	LEP or Act	Published Date	Commenced Date	Currency Date	Distance	Direction
I130	Federation period/Queen Anne style bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	234m	South West
I105	Federation bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	234m	South West
I132	'Nelyambo', Federation period bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	269m	South West
I626	Cottage	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	301m	North East
I144	Federation/Queen Anne bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	343m	East
I143	'Dalremos', Federation/Queen Anne bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	407m	East
I625	Short Street Group	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	420m	North East
I622	Former Produce Store	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	489m	North
I125	Electricity substation	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	536m	South
I134	Federation period cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	543m	East
I621	Tralee Gardens Preschool Centre	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	547m	North West
I627	Castrella	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	564m	North West
I142	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	620m	East
I137	Federation period cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	666m	South West
I124	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	687m	South East
C2	Fullagar Road Conservation Area	Conservation Area - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	687m	South East
I123	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	724m	South East
I122	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	736m	South East
I107	'Yoorooga', late Victorian cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	756m	South East
I121	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	763m	South East
I120	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	776m	South East
I623	House	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	777m	North East
I119	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	790m	South East
I118	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	805m	South East

Map Id	Name	Classification	Significance	LEP or Act	Published Date	Commenced Date	Currency Date	Distance	Direction
I111	Late Victorian cottage	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	815m	South East
I117	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	819m	South East
I116	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	834m	South East
I115	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	849m	South East
I114	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	864m	South East
I113	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	879m	South East
I624	Cottage	Item - General	Local	Parramatta Local Environmental Plan 2011	07/10/2011	07/10/2011	09/02/2018	880m	North
I112	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	895m	South East
I110	Inter-war bungalow	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	911m	South East
I26	Milestone group, Parramatta to Greystanes	Item - General	Local	Holroyd Local Environmental Plan 2013	05/04/2013	05/08/2013	09/10/2015	911m	South West

### NSW BioNet Atlas

Species on the NSW BioNet Atlas that have a NSW or federal conservation status, a NSW sensitivity status, or are listed under a migratory species agreement, and are within 10km of the site?

Kingdom	Class	Scientific	Common	NSW Conservation Status	NSW Sensitivity Class	Federal Conservation Status	Migratory Species Agreements
Animalia	Amphibia	Litoria aurea	Green and Golden Bell Frog	Endangered	Not Sensitive	Vulnerable	
Animalia	Amphibia	Pseudophryne australis	Red-crowned Toadlet	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Actitis hypoleucos	Common Sandpiper	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Anthochaera phrygia	Regent Honeyeater	Critically Endangered	Not Sensitive	Critically Endangered	
Animalia	Aves	Apus pacificus	Fork-tailed Swift	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Ardea ibis	Cattle Egret	Not Listed	Not Sensitive	Not Listed	CAMBA;JAMBA
Animalia	Aves	Artamus cyanopterus cyanopterus	Dusky Woodswallow	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Botaurus poiciloptilus	Australasian Bittern	Endangered	Not Sensitive	Endangered	
Animalia	Aves	Calidris acuminata	Sharp-tailed Sandpiper	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Calidris canutus	Red Knot	Not Listed	Not Sensitive	Endangered	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Calidris ferruginea	Curllew Sandpiper	Endangered	Not Sensitive	Critically Endangered	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Calidris ruficollis	Red-necked Stint	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Callocephalon fimbriatum	Gang-gang Cockatoo	Vulnerable	Category 3	Not Listed	
Animalia	Aves	Calyptorhynchus lathami	Glossy Black-Cockatoo	Vulnerable	Category 2	Not Listed	
Animalia	Aves	Daphoenositta chrysoptera	Varied Sittella	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Epthianura albiglans	White-fronted Chat	Endangered Population, Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Falco subniger	Black Falcon	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Gallinago hardwickii	Latham's Snipe	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Glossopsitta pusilla	Little Lorikeet	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Haliaeetus leucogaster	White-bellied Sea-Eagle	Vulnerable	Not Sensitive	Not Listed	CAMBA
Animalia	Aves	Hieraaetus morphnoides	Little Eagle	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Hirundapus caudacutus	White-throated Needletail	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Hydroprogne caspia	Caspian Tern	Not Listed	Not Sensitive	Not Listed	CAMBA;JAMBA
Animalia	Aves	Ixobrychus flavicollis	Black Bittern	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Lathamus discolor	Swift Parrot	Endangered	Category 3	Critically Endangered	
Animalia	Aves	Limosa lapponica	Bar-tailed Godwit	Not Listed	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA
Animalia	Aves	Limosa limosa	Black-tailed Godwit	Vulnerable	Not Sensitive	Not Listed	ROKAMBA;CAMBA; JAMBA

Kingdom	Class	Scientific	Common	NSW Conservation Status	NSW Sensitivity Class	Federal Conservation Status	Migratory Species Agreements
Animalia	Aves	Lophoictinia isura	Square-tailed Kite	Vulnerable	Category 3	Not Listed	
Animalia	Aves	Motacilla flava	Yellow Wagtail	Not Listed	Not Sensitive	Not Listed	ROKAMBA; CAMBA; JAMBA
Animalia	Aves	Ninox connivens	Barking Owl	Vulnerable	Category 3	Not Listed	
Animalia	Aves	Ninox strenua	Powerful Owl	Vulnerable	Category 3	Not Listed	
Animalia	Aves	Numenius madagascariensis	Eastern Curlew	Not Listed	Not Sensitive	Critically Endangered	ROKAMBA; CAMBA; JAMBA
Animalia	Aves	Petroica boodang	Scarlet Robin	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Petroica phoenicea	Flame Robin	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Petroica rodinogaster	Pink Robin	Vulnerable	Not Sensitive	Not Listed	
Animalia	Aves	Plegadis falcinellus	Glossy Ibis	Not Listed	Not Sensitive	Not Listed	CAMBA
Animalia	Aves	Pluvialis fulva	Pacific Golden Plover	Not Listed	Not Sensitive	Not Listed	ROKAMBA; CAMBA; JAMBA
Animalia	Aves	Polytelis swainsonii	Superb Parrot	Vulnerable	Category 3	Vulnerable	
Animalia	Aves	Tringa nebularia	Common Greenshank	Not Listed	Not Sensitive	Not Listed	ROKAMBA; CAMBA; JAMBA
Animalia	Aves	Tringa stagnatilis	Marsh Sandpiper	Not Listed	Not Sensitive	Not Listed	ROKAMBA; CAMBA; JAMBA
Animalia	Aves	Tyto novaehollandiae	Masked Owl	Vulnerable	Category 3	Not Listed	
Animalia	Aves	Tyto tenebricosa	Sooty Owl	Vulnerable	Category 3	Not Listed	
Animalia	Gastropoda	Meridolum corneovirens	Cumberland Plain Land Snail	Endangered	Not Sensitive	Not Listed	
Animalia	Gastropoda	Pommerhelix duralensis	Dural Woodland Snail	Endangered	Not Sensitive	Endangered	
Animalia	Mammalia	Cercartetus nanus	Eastern Pygmy-possum	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Chalinolobus dwyeri	Large-eared Pied Bat	Vulnerable	Not Sensitive	Vulnerable	
Animalia	Mammalia	Dasyurus maculatus	Spotted-tailed Quoll	Vulnerable	Not Sensitive	Endangered	
Animalia	Mammalia	Falsistrellus tasmaniensis	Eastern False Pipistrelle	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Miniopterus australis	Little Bentwing-bat	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Miniopterus schreibersii oceanensis	Eastern Bentwing-bat	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Mormopterus norfolkensis	Eastern Freetail-bat	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Myotis macropus	Southern Myotis	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Petauroides volans	Greater Glider	Not Listed	Not Sensitive	Vulnerable	
Animalia	Mammalia	Pteropus poliocephalus	Grey-headed Flying-fox	Vulnerable	Not Sensitive	Vulnerable	
Animalia	Mammalia	Saccolaimus flaviventris	Yellow-bellied Sheath-tail-bat	Vulnerable	Not Sensitive	Not Listed	
Animalia	Mammalia	Scoteanax rueppellii	Greater Broad-nosed Bat	Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	Acacia bynoeana	Bynoe's Wattle	Endangered	Not Sensitive	Vulnerable	
Plantae	Flora	Acacia pubescens	Downy Wattle	Vulnerable	Not Sensitive	Vulnerable	
Plantae	Flora	Argyrotegium nitidulum	Shining Cudweed	Vulnerable	Not Sensitive	Vulnerable	
Plantae	Flora	Callistemon linearifolius	Netted Bottle Brush	Vulnerable	Category 3	Not Listed	

Kingdom	Class	Scientific	Common	NSW Conservation Status	NSW Sensitivity Class	Federal Conservation Status	Migratory Species Agreements
Plantae	Flora	<i>Epacris purpurascens</i> subsp. <i>purpurascens</i>		Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	<i>Epacris purpurascens</i> var. <i>purpurascens</i>		Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	<i>Eucalyptus leucoxylon</i> subsp. <i>pruinosa</i>	Yellow Gum	Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	<i>Eucalyptus nicholii</i>	Narrow-leaved Black Peppermint	Vulnerable	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Eucalyptus scoparia</i>	Wallangarra White Gum	Endangered	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Grammitis stenophylla</i>	Narrow-leaf Finger Fern	Endangered	Category 3	Not Listed	
Plantae	Flora	<i>Grevillea juniperina</i> subsp. <i>juniperina</i>	Juniper-leaved Grevillea	Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	<i>Hibbertia superans</i>		Endangered	Not Sensitive	Not Listed	
Plantae	Flora	<i>Isotoma fluviatilis</i> subsp. <i>fluviatilis</i>		Not Listed	Not Sensitive	Extinct	
Plantae	Flora	<i>Macadamia integrifolia</i>	Macadamia Nut	Not Listed	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Macadamia tetraphylla</i>	Rough-shelled Bush Nut	Vulnerable	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Marsdenia viridiflora</i> subsp. <i>viridiflora</i>	Native Pear	Endangered Population	Not Sensitive	Not Listed	
Plantae	Flora	<i>Persoonia hirsuta</i>	Hairy Geebung	Endangered	Category 3	Endangered	
Plantae	Flora	<i>Persoonia nutans</i>	Nodding Geebung	Endangered	Not Sensitive	Endangered	
Plantae	Flora	<i>Pimelea curviflora</i> subsp. <i>curviflora</i>		Vulnerable	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Pimelea spicata</i>	Spiked Rice-flower	Endangered	Not Sensitive	Endangered	
Plantae	Flora	<i>Pomaderris prunifolia</i>	Plum-leaf Pomaderris	Endangered Population	Not Sensitive	Not Listed	
Plantae	Flora	<i>Pterostylis gibbosa</i>	Illawarra Greenhood	Endangered	Category 2	Endangered	
Plantae	Flora	<i>Pterostylis saxicola</i>	Sydney Plains Greenhood	Endangered	Category 2	Endangered	
Plantae	Flora	<i>Pultenaea parviflora</i>		Endangered	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Pultenaea pedunculata</i>	Matted Bush-pea	Endangered	Not Sensitive	Not Listed	
Plantae	Flora	<i>Syzygium paniculatum</i>	Magenta Lilly Pilly	Endangered	Not Sensitive	Vulnerable	
Plantae	Flora	<i>Tetratheca glandulosa</i>		Vulnerable	Not Sensitive	Not Listed	
Plantae	Flora	<i>Triplarina imbricata</i>	Creek Triplarina	Endangered	Not Sensitive	Endangered	
Plantae	Flora	<i>Wahlenbergia multicaulis</i>	Tadgell's Bluebell	Endangered Population	Not Sensitive	Not Listed	
Plantae	Flora	<i>Wilsonia backhousei</i>	Narrow-leaved Wilsonia	Vulnerable	Not Sensitive	Not Listed	

Data does not include NSW category 1 sensitive species.

#### USE OF REPORT – APPLICABLE TERMS

The following terms apply to any person (End User) who is given the Report by the person who purchased the Report from Lotsearch Pty Ltd (ABN: 89 600 168 018) (Lotsearch) or who otherwise has access to the Report. The contract terms that apply between Lotsearch and the purchaser of the Report are specified in the order form pursuant to which the Report was ordered and the terms set out below are of no effect as between Lotsearch and the purchaser of the Report.

1. End User acknowledges and agrees that:
  - (a) the Report is compiled from or using content (**Third Party Content**) which is comprised of:
    - (i) content provided to Lotsearch by third party content suppliers with whom Lotsearch has contractual arrangements or content which is freely available (**Third Party Content Suppliers**);
    - (j) content which is derived from content described in paragraph (i);
  - (b) Lotsearch does not take any responsibility for or give any warranty in relation to the accuracy or completeness of any Third Party Content included in the Report;
  - (c) the Third Party Content Suppliers do not constitute an exhaustive set of all repositories or sources of information available in relation to the property which is the subject of the Report (**Property**);
  - (d) Lotsearch has not undertaken any physical inspection of the property;
  - (e) Lotsearch does not warrant that all land uses or features whether past or current are identified in the Report;
  - (f) the Report does not include any information relating to the actual state or condition of the Property;
  - (g) the Report should not be used or taken to indicate or exclude actual fitness or unfitness of a Property for any particular purpose;
  - (h) the Report should not be relied upon for determining saleability or value or making any other decisions in relation to the Property and in particular should not be taken to be a rating or assessment of the desirability or market value of the property or its features; and
  - (i) the End User should undertake its own inspection s of the Property to satisfy itself that there are no defects or failures.
2. The End User may not make the Report or any copies or extracts of the report or any part of it available to any other person. If End User wishes to provide the Report to any other person or make extracts or copies of the Report, it must contact the purchaser of the Report before doing so to ensure the proposed use is consistent with the contract terms between Lotsearch and the purchaser.
3. Neither Lotsearch (nor any of its officers, employees or agents) nor any of its Third Party Content Suppliers will have any liability to End User or any person to whom End User provides the Report and End User must not represent that Lotsearch or any of its Third Party Content Suppliers accepts liability to any such person or make any other representation to any such person on behalf of Lotsearch or any Third Party Content Supplier.
4. End User must not remove any copyright notices, trade marks, digital rights management information, other embedded information, disclaimers or limitations from the Report or authorise any person to do so.
5. End User acknowledges and agrees that Lotsearch and Third Party Content Suppliers retain ownership of all copyright, patent, design right (registered or unregistered), trade marks (registered or unregistered), database right or other data right, moral right or know how or any other intellectual property right in any Report or any other item, information or data included in or provided as part of a Report.
6. To the extent permitted by law and subject to paragraph 7, all implied terms, representations and warranties whether statutory or otherwise relating to the subject matter of these terms other than as expressly set out in these terms are excluded.
7. Subject to paragraph 8, Lotsearch excludes liability to End User for loss or damage of any kind, however caused, due to Lotsearch's negligence, breach of contract, breach of any law, in equity, under indemnities or otherwise, arising out of all acts, omissions and events whenever occurring.
8. Lotsearch acknowledges that if, under applicable State, Territory or Commonwealth law, End User is a consumer certain rights may be conferred on End User which cannot be excluded, restricted or modified. If so, and if that law applies to Lotsearch, then, Lotsearch's liability is limited to the greater of an amount equal to the cost of resupplying the Report and the maximum extent permitted under applicable laws.
9. Subject to paragraph 7, neither Lotsearch nor the End User is liable to the other for any indirect, incidental, consequential, special or exemplary damages arising out of or in relation to these terms.
10. These terms are subject to New South Wales law.

Agriculture; Air transport facilities; Airstrips; Animal boarding or training establishments; Biosolids treatment facilities; Boat building and repair facilities; Boat launching ramps; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional Centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Environmental facilities; Exhibition homes; Exhibition villages; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Heavy industrial storage establishments; Helipads; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Jetties; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Recreation facilities (major); Recreation facilities (outdoor); Research stations; Residential accommodation; Resource recovery facilities; Rural industries; Sewage treatment plants; Sex services premises; Storage premises; Transport depots; Truck depots; Vehicle body repair workshops; Warehouse or distribution centres; Waste disposal facilities; Water recreation structures; Water recycling facilities; Water supply systems; Wharf or boating facilities; Wholesale supplies.

Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling house on the land and, if so, the minimum land dimensions so fixed  
NO

Whether the land includes or comprises critical habitat  
NO

Whether the land is in a conservation area (however described)  
NO

Whether an item of environmental heritage (however described) is situated on the land  
NO

### **3. Complying Development under SEPP (Exempt and Complying Development Codes) 2008**

#### **General Housing Code**

The extent to which complying development may or may not be carried out on this land under the General Housing Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land

#### **Rural Housing Code**

The extent to which complying development may or may not be carried out on this land under the Rural Housing Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land

#### **Commercial and Industrial (New Buildings and Additions) Code**

The extent to which complying development may or may not be carried out on this land under the Commercial and Industrial (New Buildings and Additions) Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Housing Alterations Code**

The extent to which complying development may or may not be carried out on this land under the Housing Alterations Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**General Development Code**

The extent to which complying development may or may not be carried out on this land under the General Development Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Commercial and Industrial Alterations Code**

The extent to which complying development may or may not be carried out on this land under the Commercial and Industrial Alterations Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Subdivisions Code**

The extent to which complying development may or may not be carried out on this land under the Subdivisions Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Demolition Code**

The extent to which complying development may or may not be carried out on this land under the Demolition Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Fire Safety Code**

The extent to which complying development may or may not be carried out on this land under the Fire Safety Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**4. Coastal Protection**

Whether or not the land is affected by the operation of Section 38 or 39 of the *Coastal Protection Act 1979* but only to the extent that the Council has been so notified by the Department of Services Technology & Administration : NO

**5. Mine Subsidence**

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of Section 15 of the *Mine Subsidence Compensation Act 1961*: NO

**6. Road widening & road realignment**

Whether or not the land is affected by any road widening or road realignment under:

Division 2 of Part 3 of the Roads Act 1992 NO

Any Environmental Planning Instrument NO

Any resolution of Council NO

**7. Council and other Public Authority policies on hazard risk restrictions**

Whether or not the land is affected by a policy adopted by the Council or adopted by any other public authority and notified to the Council, which restricts the development of the land because of the likelihood of:

Bush fire: NO

Tidal Inundation: NO

Subsidence: NO

Acid Sulfate Soils: NO

Any other risk (other than flooding): Council has adopted a policy on contaminated land. This policy is implemented when zoning or land use changes are proposed on lands which have previously been used for certain purposes. Consideration of Council's adopted policy and the application of provisions under relevant State Legislation is warranted. Further information in relation to the land is contained in s10.7 (5).

**7A. Flood related development controls**

Whether or not development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls: NO

Whether or not development on the land or part of the land for any other purposes is subject to flood related development controls: NO

**8. Land reserved for acquisition**

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in item 1 makes provision in relation to the acquisition of the land by a public authority as referred to in section 3.15 of the *Environmental Planning & Assessment Act 1979*: NO

**9. Contributions Plans applying to the land**

Holroyd Section 7.11 Development Contributions Plan 2013

**9A. Biodiversity certified land**

NOT APPLICABLE

**10. Biobanking Agreements**

NOT APPLICABLE

**11. Bush fire prone land**

The land is NOT bush fire prone land as defined in the *Environmental Planning & Assessment Act 1979*.

**12. Property Vegetation Plans**

NOT APPLICABLE

**13. Orders Under Trees (Disputes Between Neighbours) Act 2006**

Whether an order has been made under the *Trees (Disputes Between Neighbours) Act 2006* to carry out work in relation to a tree on the land (but only if the Council has been notified of the order): NO

**14. Directions under Part 3A**

NOT APPLICABLE

**15. Site Compatibility Certificates and conditions for seniors housing**

There is no current Site Compatibility Certificate (of which Council is aware), issued under clause 25 of State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 in respect of proposed development on the land.

There are no terms of a kind referred to in clause 18 (2) of State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land.

**16. Site Compatibility Certificates for infrastructure**

There is no valid Site Compatibility Certificate (of which Council is aware), issued under clause 19 of State Environmental Planning Policy (Infrastructure) 2007 in respect of proposed development on the land.

**17. Site Compatibility Certificates and conditions for affordable rental housing**

There is no current Site Compatibility Certificate (Affordable Rental Housing), of which the Council is aware, in respect of proposed development on the land.

There are no terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

**18. Matters arising under Section 59(2) of the Contaminated Land Management Act 1997**

No matters apply to the land to which the certificate relates.

**19. Site Verification Certificates**

Whether there is a current site verification certificate, of which the council is aware, in respect of the land: NO

**20. Loose-fill asbestos insulation**

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register that is required to be maintained under that Division, a statement to that effect.

Council is not aware of the land being affected.

**21. Affected building notices and building product rectification orders**

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause:

Affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017 .

Building product rectification order has the same meaning as in the Building Products(Safety) Act 2017

Council is not aware of the land being affected.

**ANNEXURE TO APPLICATION Certificate No: 5311/2018**

**Section 10.7(5) Planning Certificate**

**Environmental Planning & Assessment Act 1979**

**Tree Management**

Whether or not the land is affected by any Tree YES  
Management provisions requiring consent for the  
removal or lopping of trees upon the land:

**County or Designated Road**

Whether or not the land has frontage to a County or NO  
designated road:

**Interim Heritage Order**

Whether or not the land is affected by an Interim Heritage NO  
Order under the provisions of the *Heritage Act 1997*:

**Acid Sulfate Soils**

Is the land affected by an Acid Sulfate Soils classification NO  
under *Holroyd Local Environmental Plan 2013*? If yes,  
what is the classification of the land?

**Contamination**

Council records do not have sufficient information about previous use of this land to determine whether the land is contaminated.

**Any other matters?**

NO

**General Information**

*When information pursuant to section 10.7(5) is requested the Council is under no obligation to provide that information. Council draws your attention to section 10.7(6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to sub-section (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter not referred to in this certificate.*

## PLANNING CERTIFICATE

Issued under Section 10.7 (2) (5) of the  
*Environmental Planning and Assessment Act 1979*

---

### PROPERTY DETAILS

**Property:** 55-57 Station Street WENTWORTHVILLE NSW 2145

**Legal Description:** Lot: 1A DP: 305764

**Parcel No:** 29688

**Owner(s) Name (as recorded by Council):**

Frontall Group Pty Limited  
PO Box 3980  
PARRAMATTA NSW 2124

In accordance with the requirements of Section 10.7 (2) of the Environmental Planning and Assessment Act, 1979 (as amended), the following prescribed matters relate to the land at the date of this certificate.

Note: The information contained in Planning Certificates issued for a lot within Strata-Titled development relates to the land the development is situated on.

## **INFORMATION PROVIDED PURSUANT TO SECTION 10.7(2) OF THE ACT**

As at the date of this Certificate the subject land is land to which an Environmental Planning Instrument applies. Details are set out as follows:-

### **1. RELEVANT PLANNING INSTRUMENTS AND DCPS APPLYING TO THE LAND**

#### **State Environmental Planning Policies (SEPPs):**

State Environmental Planning Policy No. 19 - Bushland in Urban Areas  
State Environmental Planning Policy No. 21 - Caravan Parks  
State Environmental Planning Policy No. 33 - Hazardous & Offensive Development  
State Environmental Planning Policy No. 55 - Remediation of Land  
State Environmental Planning Policy No. 64 - Advertising & Signage  
State Environmental Planning Policy No. 65 - Design Quality of Residential Flat Development  
State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004  
State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007  
State Environmental Planning Policy (Miscellaneous Consent Provisions) 2007  
State Environmental Planning Policy (Infrastructure) 2007  
State Environmental Planning Policy (Exempt and Complying Development Codes) 2008  
State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004  
State Environmental Planning Policy (Affordable Rental Housing) 2009

#### **Deemed Statement Environmental Planning Policies**

Sydney Regional Environmental Plan No. 9 – Extractive Industry (No. 2 – 1995)  
SYDNEY REGIONAL ENVIRONMENTAL PLAN (SYDNEY HARBOUR CATCHMENT) 2005 - 28/09/2005

#### **Proposed State Environmental Planning Policies (SEPPs)**

No proposed SEPPs apply to the land.

#### **Local Environmental Plans**

Holroyd Local Environmental Plan 2013

#### **Proposed Local Environmental Plans**

Proposed Holroyd Local Environmental Plan 2013 (Wentworthville Centre, Wentworthville - PP\_2017\_CUMBE\_005\_00)

#### **Development Control Plans**

Holroyd Development Control Plan 2013

### **2. Zoning and land uses under relevant LEPs:**

1. ZONE

B2 Local Centre

2. DEVELOPMENT PERMITTED WITHOUT CONSENT

Nil.

3. DEVELOPMENT PERMITTED ONLY WITH CONSENT

Boarding houses; Child care centres; Commercial premises; Community facilities; Educational establishments; Entertainment facilities; Function centres; Group homes; Hostels; Information and education facilities; Medical centres; Passenger transport facilities; Recreation facilities (indoor); Registered clubs; Respite day care centres; Restricted Premises; Roads; Seniors housing; Service stations; Shop-top housing; Tourist and visitor accommodation.

Any other development not specified in item 2 or 4.

#### 4. PROHIBITED DEVELOPMENT

Agriculture; Air transport facilities; Airstrips; Animal boarding or training establishments; Biosolids treatment facilities; Boat building and repair facilities; Boat launching ramps; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional Centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Environmental facilities; Exhibition homes; Exhibition villages; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Heavy industrial storage establishments; Helipads; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Jetties; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Recreation facilities (major); Recreation facilities (outdoor); Research stations; Residential accommodation; Resource recovery facilities; Rural industries; Sewage treatment plants; Sex services premises; Storage premises; Transport depots; Truck depots; Vehicle body repair workshops; Warehouse or distribution centres; Waste disposal facilities; Water recreation structures; Water recycling facilities; Water supply systems; Wharf or boating facilities; Wholesale supplies.

Proposed Holroyd Local Environmental Plan 2013 (Wentworthville Centre, Wentworthville - PP\_2017\_CUMBE\_005\_00)

#### 1. ZONE

B2 Local Centre

#### 2. DEVELOPMENT PERMITTED WITHOUT CONSENT

Nil.

#### 3. DEVELOPMENT PERMITTED ONLY WITH CONSENT

Boarding houses; Child care centres; Commercial premises; Community facilities; Educational establishments; Entertainment facilities; Function centres; Group homes; Hostels; Information and education facilities; Medical centres; Passenger transport facilities; Recreation facilities (indoor); Registered clubs; Respite day care centres; Restricted Premises; Roads; Seniors housing; Service stations; Shop-top housing; Tourist and visitor accommodation.

Any other development not specified in item 2 or 4.

#### 4. PROHIBITED DEVELOPMENT

Agriculture; Air transport facilities; Airstrips; Animal boarding or training establishments; Biosolids treatment facilities; Boat building and repair facilities; Boat launching ramps; Boat sheds; Camping grounds; Caravan parks; Cemeteries; Charter and tourism boating facilities; Correctional Centres; Crematoria; Depots; Eco-tourist facilities; Electricity generating works; Environmental facilities; Exhibition homes; Exhibition villages; Extractive industries; Farm buildings; Forestry; Freight transport facilities; Heavy industrial storage establishments; Helipads; Highway service centres; Home occupations (sex services); Industrial retail outlets; Industrial training facilities; Industries; Jetties; Marinas; Mooring pens; Moorings; Mortuaries; Open cut mining; Recreation facilities (major); Recreation facilities (outdoor); Research stations; Residential accommodation; Resource recovery facilities; Rural industries; Sewage treatment plants; Sex services premises; Storage premises; Transport depots; Truck depots; Vehicle body repair workshops; Warehouse or distribution centres; Waste disposal facilities; Water recreation structures; Water recycling facilities; Water supply systems; Wharf or boating facilities; Wholesale supplies.

Whether any development standards applying to the land fix minimum land dimensions for the erection of a dwelling house on the land and, if so, the minimum land dimensions so fixed  
NO

Whether the land includes or comprises critical habitat  
NO

Whether the land is in a conservation area (however described)  
NO

Whether an item of environmental heritage (however described) is situated on the land  
NO

### **3. Complying Development under SEPP (Exempt and Complying Development Codes) 2008**

#### **General Housing Code**

The extent to which complying development may or may not be carried out on this land under the General Housing Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land

#### **Rural Housing Code**

The extent to which complying development may or may not be carried out on this land under the Rural Housing Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land

#### **Commercial and Industrial (New Buildings and Additions) Code**

The extent to which complying development may or may not be carried out on this land under the Commercial and Industrial (New Buildings and Additions) Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Housing Alterations Code**

The extent to which complying development may or may not be carried out on this land under the Housing Alterations Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**General Development Code**

The extent to which complying development may or may not be carried out on this land under the General Development Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Commercial and Industrial Alterations Code**

The extent to which complying development may or may not be carried out on this land under the Commercial and Industrial Alterations Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Subdivisions Code**

The extent to which complying development may or may not be carried out on this land under the Subdivisions Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Demolition Code**

The extent to which complying development may or may not be carried out on this land under the Demolition Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**Fire Safety Code**

The extent to which complying development may or may not be carried out on this land under the Fire Safety Code because of the provisions of clauses 1.17A (1) (c) to (e), (2), (3) and (4), 1.18 (1) (c3) and 1.19 of the SEPP:

Complying development may be carried out on the full extent of the land.

**4. Coastal Protection**

Whether or not the land is affected by the operation of Section 38 or 39 of the *Coastal Protection Act 1979* but only to the extent that the Council has been so notified by the Department of Services Technology & Administration : NO

**5. Mine Subsidence**

Whether or not the land is proclaimed to be a mine subsidence district within the meaning of Section 15 of the *Mine Subsidence Compensation Act 1961*: NO

**6. Road widening & road realignment**

Whether or not the land is affected by any road widening or road realignment under:

Division 2 of Part 3 of the Roads Act 1992 NO

Any Environmental Planning Instrument NO

Any resolution of Council NO

**7. Council and other Public Authority policies on hazard risk restrictions**

Whether or not the land is affected by a policy adopted by the Council or adopted by any other public authority and notified to the Council, which restricts the development of the land because of the likelihood of:

Bush fire: NO

Tidal Inundation: NO

Subsidence: NO

Acid Sulfate Soils: NO

Any other risk (other than flooding): Council has adopted a policy on contaminated land. This policy is implemented when zoning or land use changes are proposed on lands which have previously been used for certain purposes. Consideration of Council's adopted policy and the application of provisions under relevant State Legislation is warranted. Further information in relation to the land is contained in s10.7 (5).

**7A. Flood related development controls**

Whether or not development on the land or part of the land for the purposes of dwelling houses, dual occupancies, multi dwelling housing or residential flat buildings (not including development for the purposes of group homes or seniors housing) is subject to flood related development controls: NO

Whether or not development on the land or part of the land for any other purposes is subject to flood related development controls: NO

**8. Land reserved for acquisition**

Whether or not any environmental planning instrument or proposed environmental planning instrument referred to in item 1 makes provision in relation to the acquisition of the land by a public authority as referred to in section 3.15 of the *Environmental Planning & Assessment Act 1979*: NO

**9. Contributions Plans applying to the land**

Holroyd Section 7.11 Development Contributions Plan 2013

**9A. Biodiversity certified land**

NOT APPLICABLE

**10. Biobanking Agreements**

NOT APPLICABLE

**11. Bush fire prone land**

The land is NOT bush fire prone land as defined in the *Environmental Planning & Assessment Act 1979*.

**12. Property Vegetation Plans**

NOT APPLICABLE

**13. Orders Under Trees (Disputes Between Neighbours) Act 2006**

Whether an order has been made under the *Trees (Disputes Between Neighbours) Act 2006* to carry out work in relation to a tree on the land (but only if the Council has been notified of the order): NO

**14. Directions under Part 3A**

NOT APPLICABLE

**15. Site Compatibility Certificates and conditions for seniors housing**

There is no current Site Compatibility Certificate (of which Council is aware), issued under clause 25 of State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 in respect of proposed development on the land.

There are no terms of a kind referred to in clause 18 (2) of State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004 that have been imposed as a condition of consent to a development application granted after 11 October 2007 in respect of the land.

**16. Site Compatibility Certificates for infrastructure**

There is no valid Site Compatibility Certificate (of which Council is aware), issued under clause 19 of State Environmental Planning Policy (Infrastructure) 2007 in respect of proposed development on the land.

**17. Site Compatibility Certificates and conditions for affordable rental housing**

There is no current Site Compatibility Certificate (Affordable Rental Housing), of which the Council is aware, in respect of proposed development on the land.

There are no terms of a kind referred to in clause 17 (1) or 38 (1) of State Environmental Planning Policy (Affordable Rental Housing) 2009 that have been imposed as a condition of consent to a development application in respect of the land.

**18. Matters arising under Section 59(2) of the Contaminated Land Management Act 1997**

No matters apply to the land to which the certificate relates.

**19. Site Verification Certificates**

Whether there is a current site verification certificate, of which the council is aware, in respect of the land: NO

**20. Loose-fill asbestos insulation**

If the land includes any residential premises (within the meaning of Division 1A of Part 8 of the Home Building Act 1989) that are listed on the register that is required to be maintained under that Division, a statement to that effect.

Council is not aware of the land being affected.

**21. Affected building notices and building product rectification orders**

(1) A statement of whether there is any affected building notice of which the council is aware that is in force in respect of the land.

(2) A statement of:

(a) whether there is any building product rectification order of which the council is aware that is in force in respect of the land and has not been fully complied with, and

(b) whether any notice of intention to make a building product rectification order of which the council is aware has been given in respect of the land and is outstanding.

(3) In this clause:

Affected building notice has the same meaning as in Part 4 of the Building Products (Safety) Act 2017 .

Building product rectification order has the same meaning as in the Building Products(Safety) Act 2017

Council is not aware of the land being affected.

**ANNEXURE TO APPLICATION Certificate No: 5282/2018**

**Section 10.7(5) Planning Certificate**

**Environmental Planning & Assessment Act 1979**

**Tree Management**

Whether or not the land is affected by any Tree YES  
Management provisions requiring consent for the  
removal or lopping of trees upon the land:

**County or Designated Road**

Whether or not the land has frontage to a County or NO  
designated road:

**Interim Heritage Order**

Whether or not the land is affected by an Interim Heritage NO  
Order under the provisions of the *Heritage Act 1997*:

**Acid Sulfate Soils**

Is the land affected by an Acid Sulfate Soils classification NO  
under *Holroyd Local Environmental Plan 2013*? If yes,  
what is the classification of the land?

**Contamination**

The subject site is a service station. Service stations are listed in Table 1 of the Planning Guidelines for SEPP 55 - Remediation of Land as an activity that may cause contamination. See attached Table 1. Access to information as per section 6.3 of Council's Contaminated Land Policy adopted by Council 3 July 2001.

**Any other matters?**

NO

**General Information**

*When information pursuant to section 10.7(5) is requested the Council is under no obligation to provide that information. Council draws your attention to section 10.7(6) which states that a council shall not incur any liability in respect of any advice provided in good faith pursuant to sub-section (5). The absence of any reference to any matter affecting the land shall not imply that the land is not affected by any matter not referred to in this certificate.*

**HAMISH McNULTY  
GENERAL MANAGER**
