What you need

What is in the kit

- This instruction sheet
- An example collage (below)
- 12 pages of images ready to cut and glue down

How to Collage

1. Pick a background

Choose a coloured page to start on.

2. Cut out images

Snip the ones that catch your eye. Try including the coloured background.

3. Arrange your layout

Play around with the pieces — layer, hide and reveal images.

4. Glue it all down

Stick your pieces in place once you're happy.

5. Add your own style!

Try overlapping images or leaving space for mystery.

Collage Example

ARTWORK BY KUBI VASAK

Prompts to Try

- Reimagine your suburb
- Design a future community
- Collage a local tale

Inspiration

Stuck? Look out the window—let the trees, clouds, and light spark an idea.

No rules. Just your style.

Take your time. Enjoy the process.
