Wentworthville Memorial Swimming Centre Modernisation

Cumberland City Council delivered a modernised swimming pool upgrade for Wentworthville as part of Councils' Swimming Centre Modernisation project

The project saw the demolition of the existing structures, building works to improve and upgrade the amenities, disability access and works to ensure compliance with current regulations

The project is now complete with the construction of a new program pool, new change rooms and a café. Equipment was installed to allow people with disabilities to use the existing 50 metre pool. This also included the replacement of the existing filtration system, replacement of existing gas heaters with new efficient heat pump, construction of a new program pool with beach area, new splash pad, new shade canopies and play areas.

Berkely Street South Footpath, Wentworthville

Installation of new concrete footpath to provide safe, off-road pedestrian access.

Pedestrian link to existing path network and passive open space.

Pavement Resurfacing

Pavement resurfacing to extend the serviceable lifespan of Peggy Street, Mays Hill and Moree Avenue, Westmead. to improve ride quality and safety.

Lane Street & Veron Street, Wentworthville

Safety improvements at intersection for vehicular and pedestrian traffic with New roundabout construction including new pram ramps, minor concrete footpath reconstruction.
