Pricing policy	Code	description
Statutory amount	S	This is the amount required to be charged by statute. Where this principle applies, Council has no discretionary power to alter the amount.
Commercial	MP	The pricing for these services is expected to recover the full cost of providing the service along with generating an appropriate rate of return. The principles associated with this pricing category may include the following: <ul style="list-style-type: none"> • The service is provided under commercial conditions • Prices will be set to compete with other market competitors, but not to unfairly price others out of the market.
Minimal cost recovery	MCR	The pricing for these services is set below the financial cost of providing the service. The fees received are expected to make a minimal contribution towards the cost provision, with the balance being met from general revenues. This balance will be less than 50% of the overall cost to provide the service. The principles associated with this pricing category may include the following: <ul style="list-style-type: none"> • Expected to benefit the community as a whole; • Benefit of service may be spread across a large number of users including unrelated third parties • Objective is to enable maximum access to the service, particularly keeping lower income users in mind'
Substantial cost recovery	SCR	The pricing for these services is set below the financial cost of providing the service. The fees received are expected to make a significant contribution towards the cost provision, with the balance being met from general revenues. This balance will be greater than 50% of the overall cost to provide the service. The principles associated with this pricing category will be similar to the ones identified for the Minimal Cost Recovery category, but to a lesser extent
Full cost recovery	SD	Bond

1.4 General Information

Builders Indemnity Insurance

Construction Certificates and Complying Development Certificates cannot be issued unless the applicant provides a certificate of insurance issued by an approved insurer under the Home Building Act 1989.

For owner/builder's insurance is not compulsory. However, you should contact the Department of Fair Trading to determine your legal responsibilities in the event you wish to sell your house.

No insurance is required on works valued less than \$20,000 value when carried out by a licensed builder.

An owner/builder's permit is required if the cost of works exceed \$5,000.

Long Service Levy

For building or subdivision works that exceed a value of \$25,000 payment of the Long Service Levy to the Long Service Levy Payments Corporation is required prior to Council (or an accredited certifier) issuing the Construction or Complying Development Certificate. Council acts as an agent for collection of this levy.

The amount payable is currently fixed at 0.35% of the total cost of the work and is GST exempt.

6. Parks and recreation

Notes: Councils Parks, Halls and Other Facilities will be provided free of charge for use by local organisations to commemorate events of National Remembrance, including ANZAC Day and Remembrance Day.
The fees and charges for sporting and playing fields are interim pricing but will be subject to a further future review based on a principle to provide an equitable pricing model once Council's Sports and Recreation Strategy is completed.
For all Sporting and Playing Fields Non-local Groups pay an additional fee as indicated.
