PURPOSE

Cumberland City Council values pedestrian safety and is committed to encouraging responsible cycling, especially with the increase in food delivery services utilising bicycles and electric bicycles throughout the local government area. Whilst most food delivery cyclists are responsible, there are some who do not behave responsibly in public areas.

The Roads Act 1993

The *Roads Act 1993* addresses the rights and responsibilities of carrying out various activities on public roads.

Road Rules 2014

Under the Regulation, there are requirements for the rider of a bicycle that rides on a footpath or shared path. There are exemptions for postal workers who ride bicycles in the course of their business and for those riding bicycles under 16 years of age and is under the supervision of an adult. The enforcement provisions for offences under these clauses of the Regulation are held by NSW Police.

Local Government Act 1993

POLICY STATEMENT

Cumberland City Council recognises that there needs to be a balanced approach taken for the use of bicycles by food delivery services and ensuring that pedestrian safety remains paramount. The Cumberland City Council *Food Delivery Service Policy* intends to achieve this by:

- Educating food delivery services and businesses who use these delivery methods, to ensure that they are aware of the legislation regarding the use and occupation of public land.
- Promote the importance of pedestrian and bicycle safety alike.
- Reducing the number of complaints received relating to food delivery riders cycling on footpaths, posing a risk to pedestrian safety.
- Monitoring compliance with the *Road Rules 2014* and *Local Government Act 1993*, using enforcement sanctions where appropriate.

PRINCIPLES

This policy has been developed with reference to the *Roads Act 1993*, *Road Rules 2014* and *Local Government Act 1993*.

REQUIREMENTS

1. BUSINESS EDUCATION STRATEGY

Education and awareness of all food delivery services and businesses who use these delivery methods is the key to achieving pedestrian safety and community harmony. Council will implement ongoing, effective, and community sensitive education strategies to encourage and reinforce responsible cycling for food delivery services.

NSW Police and Council regulatory officers are the 'front line' of this community education strategy. Council Officers will raise awareness of company and individual's responsibilities, including but not limited to legislative requirements and penalties for bicycle riders who use a Council footpath area illegally.

Council Officers will educate and inform the community about the use of Council land through:

- Writing to all food delivery services and businesses who use these delivery methods, to educate those persons using a bicycle for food deliveries of the provisions of the *Road Rules 2014*;
- Erecting notices on public land at prominent locations in town centres, prohibiting the use of bicycles being ridden by food delivery services;
- Regularly monitoring public land, providing information on the use of bicycles for food delivery services and their obligations under the Acts and associated Regulations;
- Providing information on Council's website;
- Providing information materials at Council's Customer Service Counter on the road rules for bicycle riders.

2. ROAD RULES FOR BICYCLE RIDERS

It is against the law for bicycle riders to ride on footpaths, unless they are:

- Under 16 years of age
- An adult 18 years or older supervising a child under 16 years old
- Under 18 years old and riding with an adult who is supervising for a child under 16 years old
- On a footpath that is shared use by bicycle riders and pedestrians
- On a designated bicycle path

3. PENALTIES BEING ISSUED

Riders who do not follow the *Road Rules 2014* and / or *Local Government Act 1993* may incur a Penalty Notice. Some offences that may result in a Penalty Notice include:

- If you ride a bicycle negligently, furiously and recklessly
- If you carry more persons than permitted
- If you do not ride in a bicycle lane
- If you are over 16 years of age and ride on a footpath (not supervising child on a bike)
- If you don't keep left to any oncoming traffic

- If you move into the path of a driver or pedestrian
- If you do not stop or proceed before allowed at traffic lights
- Not wearing a bicycle helmet
- Fail to comply with the terms of a notice erected by Council.
