NOTE:

The rate able person for land described in either of the two following paragraphs may apply to the council for a postponement of rates payable for the land:

(a) **a parcel of land on which there is a single dwelling-house used or occupied as such** and which is zoned or otherwise designated for use under an environmental planning instrument for the purposes of industry, commerce or the erection of residential flat buildings, not being land referred to in paragraph (b),

(b) **a parcel of land (which may comprise one or more lots or portions in a current plan) on which there is a single dwelling-house used or occupied as such** and which is zoned or otherwise designated under an environmental planning instrument so as to permit its subdivision for residential purposes.

NOTE: single dwelling-house, means a dwelling used or adapted for use solely for habitation by not more than one family and includes a dwelling in a row of 2 or more dwellings attached to each other (commonly known as semi-detached or terrace buildings), but does not include a flat.

When 5 years have elapsed since the commencement of a rating year for which part of the rates levied on land have been postponed under Section 585, the part postponed and any interest accrued on that part, must be written off by the council. There must be a continuance of use of the land as a *single dwelling house* however, to qualify for the write off of rates and interest.

Cessation of use as a *single dwelling house* terminates postponement, and makes all rates and associated accrued interest, immediately recoverable by Council.

That part of the ad valorem rate postponed is assessed in relation to the part of the valuation attributed to the prospective industrial, commercial, or residential flat use, of the site, as may be determined by the Valuer-General.

Where a postponement of rates has been granted and the dwelling ceases to be used or

occupied as a *single dwelling house*, the rate able person must within one month, inform Council of the date upon which the dwelling ceased to be used or occupied.
