Wentworthville Pool

Cumberland City Council is on track to deliver a swimming pool upgrade for Wentworthville as part of our Council Swimming Centre Modernisation project.

The project will see the construction of a new program pool, new change rooms and a café. Equipment will also be installed to allow people with disabilities to use the existing 50 metre pool.

The new pool is eagerly awaited by recreational and competitive swimmers. A recent inspection on the progress of the Wentworthville Swimming

Centre has seen works continue under the appropriate controls brought about by COVID-19 restrictions.

Council is committed to the revitalisation of Wentworthville and we look forward to this new facility opening in summer.
